must cultivate the code that drives school success academic language look no further for assistance than this much
anticipated series from ivannia soto in which she invites field authorities jeff zwiers david and yvonne freeman
margarita calderon and noma lemoine to share every teacher s need to know strategies on the four essential
components of academic language the subject of this volume is conversational discourse here jeff zwiers reveals
the power of academic conversation in helping students develop language clarify concepts comprehend complex texts
and fortify thinking and relational skills with this book as your roadmap you ll learn how to foster the skills
and language students must develop for productive interactions implement strategies for scaffolding paired
conversations assess student s oral language development as you go it s imperative that our ells and sels practice
academic language in rich conversations with others in school especially when our classrooms may be their only
opportunities to receive modeling scaffolding and feedback focused on effective discourse this book in concert
with the other three volumes in the series can provide both a foundation and a framework for accelerating the
learning of diverse students across grade levels and disciplines
